Payroll Services

Due to the increase in global enterprise and the ever-increasing technical nature of payroll, many of our clients, both domestic and international, prefer to run their payroll simply and easily through us as their payroll division.

We offer various payroll related services, customised to our client's needs, to ensure our clients:

- Do not need to employ another member of staff to keeping up to date with changes in payroll legislation and payroll related activities.
- Receive an Australian compliant computer generated sealed payslip for all members of their staff, thus ensuring confidentiality.
- Do not need to keep potentially sensitive documents on site.

Allow us to deal with:

- Workers Compensation Insurance applications and renewals
- Superannuation Guarantee Charge calculations and payments (including registrations relating thereto); and
- Various Taxation Obligations like:
 - State Based Payroll Tax
 - Pay As You Go Withholding Registration, calculation and payment
 - Fringe Benefits Tax reporting and obligations
 - Living Away From Home Allowance calculation and reporting
 - Preparation and lodgement of group stationary, including group certificates.

Our payroll division is able to deal with any size of payroll, whether large or small and pride themselves on delivering a friendly, efficient and cost effective service, no matter where in the world your business is based.
